

Fishing Vessel Issued Jones Act Waiver

Particulate and gaseous emissions from ships are a significant source of air pollution. The International Maritime Organization (IMO) has adopted a series of measures to reduce these emissions, including the implementation of the MARPOL Annex 6. The Jones Act, which governs the U.S. flag shipping industry, also includes provisions for the reduction of emissions from fishing vessels. The following table provides a summary of the Jones Act provisions related to emissions from fishing vessels.
